

## Democratic Camps In Rival Meetings

It's BYRD; or GLUECKERT  
Precinct Meetings

Captains in the various precincts of Wheeling township report enthusiastic meetings for the candidacy of Homer J. Byrd as Democratic committeeman. Anthony Hesch, captain of Precinct 3, has some good assistants and there was a large crowd Tuesday evening at the home of Julius Fehr.

Precinct 6, Oswald Meyer, captain, will meet Thursday evening, March 31 at 11 So. State road. Precinct 11 will meet Friday evening, April 1 at the Hapsburg hall, River road, near Foundry road.

Precinct 6 will enjoy the hospitality of Mr. and Mrs. Arthur Mundy in Scarsdale, Tuesday, April 5. Precinct 2 will meet April 4 at Firnbach's hall, Buffalo Grove. Archie LaSalle is captain.

Precinct 12 will meet next week at the home of Carl Weidner on McHenry road.

## High Praise For Byrd

Few public officials receive during a campaign as enthusiastic endorsement as the one given Homer J. Byrd by the Niles Center News of that city. The Herald is pleased to republish the editorial which appeared in the last issue of the News.

With the April 12 primary election still nearly a month away, campaigning has reached such exciting speed one would imagine the election closer. The intensity of political effort at this time is a fairly accurate barometer of the temperature the campaign will develop. The spectacular nature of the battle for the Democratic nomination for County Judge and United States Senator is already casting shadows over the battles for lesser positions. One of those struggles is of interest in Niles township, although it does not directly concern Niles Township Voters. It is the contest for the Democratic committee of Wheeling township.

Homer J. Byrd, former county commissioner and at present superintendent of Registration and Education, is the present Wheeling township Democratic committeeman. He is seeking re-election and no doubt will be re-elected.

Although he resides in Arlington Heights, Mr. Byrd long ago demonstrated to us his ability, loyalty, honesty, and aggressiveness. In fact many Niles Township Voters have long looked upon Homer as their friend and were they in position to do so on April 12, would bang down an overwhelming vote for him.

Perhaps Niles township feeling is a reversal of the old saying about not seeing the forest for the trees. Being completely out of Wheeling township we view the Byrd services in a more detached way. From this distance, and judged only by their value over the years, we can't even see why Homer should need to lift a campaign finger to win re-election.

Down here in Niles township we see, for example, the benefits Arlington Heights and Wheeling township have enjoyed by having Mr. Byrd on the county board, as superintendent of registration, and as the recognized leader in the suburban area for Governor Homer, States Attorney Courtney, County Judge Jarecki, and the others whose records we suburbanites admire. We wish Homer lived down here. He would have no opposition worthy of the name, on April 12, if he did.

While we seldom attach much importance to the views expressed in conservative, Republican Evanston about Democratic leaders, we cannot forget that even the dyed-in-the-wool, Republican, Evanston News-Index felt Homer's selection by Governor Horner as superintendent of registration, was one of the finest appointments Governor Horner ever made. We recall that the News-Index said that the selection of Mr. Byrd raised the political reputation of the Governor considerably in their estimation. When a Republican paper, especially in Evanston, says that, this fellow Byrd must rate.

Here in Niles township we like Homer Byrd because of his fine record and especially because of the enemies he made while building that good reputation. We can't forget that he has been a suburban Cook county leader who has always battled for those men we suburbanites admire. He was suburban campaign manager for Tom Courtney and Henry Horner in both of their campaigns. And now he's at it again, supporting Judge Jarecki. We cannot quarrel with men who continually champion those whose public records are as fine as Governor Horner, States Attorney Courtney and Judge Jarecki.

On that record we hope we'll see Wheeling township living up to the suburban tradition of rewarding high public service with an overwhelming re-election vote of confidence. Cook county's suburban area needs its Homer Byrds because it has so few of them.

### Sen. Baumrucker Addresses Regular Democrats

Seventy-five precinct workers met at the headquarters in the Vail-Davis building, Arlington Heights, Wednesday evening and were treated to one of the finest "Pop" talks ever delivered to the workers in Wheeling Township. County official told the men that in their candidate for Township Committeeman for Wheeling Township, they had a man of whom they could well be proud of—Honest and fearless, who was on his way up. They predicted that the democratic party would hear a great deal from Mr. R. F. Glueckert and they expected great things of him.

Mr. Walter Gallas praised Mr. Glueckert saying, "There is only one issue in Wheeling township; does Wheeling want a man to represent them in the Democratic circles who is highly respected; do you want a man whom you know you can call on and see without being pushed around and around; who is not afraid to say 'NO'; who is on his way to the top not on the downward grade. If so Elect R. F. Glueckert."

Senator Baumrucker told of the things he stood for and what legislation he had helped pass for Arlington Heights. He praised Mr. Glueckert whom he characterized as a kind, wholesome man, always ready to lend a helping hand, and asked as a special favor the opportunity to show his respects to Mr. Glueckert by furnishing the prizes for the card party April 5 at the Presbyterian hall. The cheering and hand clapping assured the Senator the appreciation the men felt for his kind offer.

Mr. R. F. Glueckert then ventured a few remarks, but it was apparent that the kind remarks of the speakers and the offer of the Senator visibly affected him. He did say, however, that he had made no promises, but one. He could and would say "NO" if "No" was the answer. Regular Democratic Women Hold Card Party

A crowd of 100 women crowded into the Regular Democratic headquarters in the Vail-Davis building Tuesday evening, March 29, 1938, to play cards and bunco. After an enjoyable evening at cards, prizes were awarded. Mrs. Brooks, a leader of the Illinois Democratic club of Chicago explained the issues of the coming election pertaining to Wheeling township.

Mr. Glueckert, on behalf of the Wheeling Township Democracy, thanked Mrs. Brooks for coming out and speaking to the assembled women, also thanked her for the complimentary remarks paid him and assured the women present that he was very much pleased with the splendid support his candidacy was receiving from the women voter.

Strawberry short cake and coffee was then served. Everybody had a good time and all are looking forward to the big card party at the Presbyterian hall next Tuesday, April 5, 1938, 8 p. m.

### Coming Meetings Of Regular Democratic Organizations

R. F. Glueckert invites the electorate of Wheeling township to attend a card and bunco party at the Presbyterian hall, Arlington Heights, April 5, 1938, at 8 p. m.

Elizabeth A. Conkey, County Commissioner and National Committee Woman for Illinois, will speak.

There will be seventy-five door prizes and a prize for every table. A grand prize of Wm. Rogers silverware donated by Senator Baumrucker will be awarded. Strings of pearls and many other beautiful and useful prizes will also be given away.

Senator Baumrucker, Joseph J. Lellivelt, and Noble J. Puffer, county superintendent of schools, will be present.

There will be plenty of entertainment and refreshments for all. Come and enjoy yourself. This will be the most important meeting in Wheeling township of the present campaign.

Precinct 8—April 1 at Aug. Toussaint Home

Aug. Toussaint, captain of Precinct 8 invites his friends and neighbors to attend a party in honor of R. F. Glueckert, regular Democratic candidate for committeeman for Wheeling township, to be held at his home, 819 N. Pine avenue, Friday evening, April 1, at 8 p. m. Mr. Walter Gallas will be on hand to deliver one of his stirring addresses. Music, entertainment and refreshments. All are cordially invited.

Buffalo Grove Voters to Meet at Geimer's Greenhouse

Michael J. Geiser invites Democratic voters to meet R. F. Glueckert and his many friends including Senator Charles F. Baumrucker, Joseph J. Lellivelt and other candidates at his greenhouse on Dundee road east of State road, Wheeling township, Sunday evening, April 3, 1938, 8 p. m. Entertainment, music and good German lunch.

### Judge Neumann Put On His Best Ministerial Banner, But No Use

When Judge Neuman was called to his chambers at the Arlington Heights municipal building Saturday afternoon to officiate at a wedding, he put on his best ministerial manner and was all pepped up ready to perform his first marriage.

But shucks, the groom was not aware that he could not get a marriage license at the municipal office. He had the required medical certificates, but no more. The bride and groom were as disappointed as the judge and the editor who expected to be one of the witnesses.

## Spiritism Exposed By Pastor

Amateur Magician  
Hobbyist To Reveal  
Tricks To Public

A demonstration lecture on spiritism, fortune telling and similar practices, will be presented by the Senior Walther League at St. Peter's Lutheran school hall, Arlington Heights, Monday, 8:30 p. m.

The lecturer is Rev. Martin C. Elz of Chicago, who, as a hobby mastered the art of magic and kindred occult arts. He has studied under Thurston and Houdini and although an amateur he is an accomplished magician and a member of the American Association of Magicians.

Like Houdini, Rev. Elz is devoting his talents to exposing the trickery of spiritists, fortune tellers, mind readers, and related delusions.

This lecture is a departure from the formal type of delivery, which the lecturer calls "a painless method of education." Pastor Elz first presents certain facts on spiritism, such as its history, its religious ideas, and he answers the question conclusively: "Do the Dead Return?"

The second portion is an actual demonstration of the tricks employed by spiritistic quacks to deceive the gullible public. He shows how easily people are fooled by sleight of hand performances even in bright lights. Then he proceeds to analyze step by step just how the illusion is created.

He also reveals the methods employed by fortune tellers in obtaining advance information and he exposes the sham of the crystal ball. His explanations on mind-reading and mental telepathy are highly interesting and entertaining. The finale of his demonstration is the trick of the floating table and similar levitation acts.

The general public is invited to hear this unique lecture. No admission will be charged, but a free will offering will be lifted to defray expenses.

### Passers-By Put Out Farm Fire Before Arrival Of Firemen

A. W. Busse was interrupted in his dinner Sunday evening when two strange young men broke into his home on Elmhurst and Oakton streets, south of Mount Prospect, yelling "fire, fire." Mr. Busse called the Mount Prospect fire department but before the village and the rural fire trucks could respond, the two lads had grabbed water buckets and extinguished the blaze and had driven on their way, still strangers to the farmer whose home had been saved.

### Women Democrats To Meet At Byrd Home

The regular meeting of the Women's Democratic organization of Wheeling township, will be held Friday evening, April 1, at the home of Homer J. Byrd, 403 N. Belmont. Mr. Thomas J. Lynch, assistant director of conservation, will be the main speaker.

Members and friends of the organization are urged to attend, as this promises to be an eventful meeting.

At the close of the evening, guest prizes will be awarded and refreshments will be served. Mrs. Robert C. Swanson will preside.

## Horner To Speak At Arlington Next Week

Gov. Horner is coming to Arlington Heights next week and will speak at a big mass meeting to be held at the Arlington high school Thursday evening, April 7. He will be accompanied by Tom Courtney, Judge Jarecki, Scott Lucas and other prominent state and county Democratic candidates seeking election under the Horner-Courtney-Jarecki banner.

The governor is returning to the same town and the same hall, where he received such an ovation when he was first candidate for governor. This meeting has been arranged for all of the Northwest towns and a record breaking crowd is expected. Governor Horner will have dinner with Mr. and Mrs. Homer J. Byrd at their home on North Belmont street and will deliver his first address of the evening at the local high school.

## Busse Veteran In Public Service

Has Never Broken  
A Pledge, States  
County Commissioner

William Busse, veteran member of the County board, was born on a farm in Elk Grove township. He has lived in the township all his life, and has been a commissioner for thirty-six years.

WILLIAM BUSSE

Seekingrenominationwithhimin the Republican primary are: William N. Erickson, Evanston; Carl J. Carlson, Blue Island, and H. Wallace Caldwell and George A. Miller, Oak Park.

Mr. Busse has served on all of the important committees of the county board, including chairmanship of the hospital committee, and has been especially devoted to charitable work and good roads.

For many years he has lived with his family in Mt. Prospect, and his seven children are married and live there. He is a member of St. Paul Evangelical Lutheran church and a director of the Northern District of Illinois of the Lutheran Missouri Synod.

When Mt. Prospect was incorporated, in 1917, Mr. Busse was elected president of the board of trustees. He served for twelve years, and was also secretary of the Mt. Prospect school board for 12 years. He is chairman of the board of the Mt. Prospect State Bank and is connected with an automobile concern and a hardware store.

In answer to George F. Nixon, candidate of the Harding Republican faction of Chicago, Mr. Busse said: "The county budget was reduced each year in 1935, 1936 and 1937. In 1938 it was increased more than \$3,000,000, and for good reason—to meet the requirements under the eight-hour law for women employees, for pay restorations, and more than \$1,000,000 extra election expenses."

"I have studied this job all these years, and I know the problems. This is the first time I have ever been accused of breaking a pledge, and it is not so."

### Americanism Program To Be Given By Legion of Five Towns

An outstanding Americanism program will be held by Area One of the American Legion at the Arlington Heights high school at 2 p. m., Sunday, April 24th.

The Legion posts in Area One of the Ninth District consisting of Des Plaines Post No. 36, Mount Prospect Post No. 525, Merle Guild Post No. 208 of Arlington Heights, Palatine Post No. 690, and Barrington Post No. 158, are co-operating to make this affair one of the largest and most interesting of its kind ever held in this Area.

A feature of this program will be the parade of Youth Organizations and Drum and Bugle Corps from the five towns. The Youth Organizations will march from the Legion Home to the Arlington Heights High School to the music of the Drum and Bugle Corps.

At the High School, a prominent member of the American Opera Company, whose name will be announced later, will render several selections. A nationally known Legionnaire will speak on a subject of interest to all. An outstanding Youth Program will feature the exercises at the High School.

This is an early spring and Mrs. A. Angeloff points to the fruit tree in her yard at 121 South Vail, which has been in full bloom the past week. The same tree blossomed as early last year, but the frost prevented any crop.

### It Was Buick vs. Buick But the Police Car Was The Winner

L. M. Hienemann, 735 Junor avenue, Chicago, drives a big Buick and when he discovered that the Arlington Heights police was after him Sunday morning, he took a chance that the latter car was merely one of the usual police cars. He was caught traveling 100 miles an hour by Chief Skoog at Palatine, where he was booked and posted a \$20 bond. "It is not every police department," says Hienemann, "that equips its police with such cars." It cost him just \$20 to learn that Arlington Heights is not one of those usual towns.

## Shall We Join In War? Asks Referendum

Arlington Is 1st City  
Of U. S. To Take Part  
In National Query

Arlington Heights has been chosen as the first Community in the United States to participate in a national referendum in which the people will be asked to answer directly by Yes or No the question, "Shall the United States permit itself to become involved in foreign wars now in progress or likely to develop?" Ballots are going out this week, as part of the immediate program of the George Washington League, which has been in process of organization for several months, with headquarters at 333 North Michigan avenue, Chicago.

The announcement was made by L. S. McLeod, president of the League, and its originator, following a meeting of its Board of Trustees last week. Mr. McLeod is an executive of the Stewart-Warner Corporation of Chicago, and a former officer and instructor in the Flying Service during the World War. Seven other communities in the Chicago area, in which the people will be asked to ballot on this subject during the next week are: Elmhurst, Villa Park, Mt. Prospect, Addison, Lombard, Wheeling and Palatine. As rapidly as possible the referendum will be extended until the entire country is covered.

The George Washington League, which was named after the first president because it was he who first advocated strong national defense and avoidance of foreign entanglements, was incorporated in Illinois in November of last year, as a non-profit, non-political co-operative association.

"The program which we are announcing," said Mr. McLeod in his formal statement, "is one which has been worked out by some of us who were in the late war. Let me say that the League has nothing to do with either pending or suggested legislation as of this date. We prefer to have it regarded strictly as the starting point for the development of chapters through which we expect to demonstrate the practicability of radio referendum as the mechanism by which the people may express their will with reference to the involvement of this country in foreign wars. Of course, as an organization, we are not concerned with the character of that expression of will."

"I would like also to emphasize the fact that the League is distinctly and definitely not another peace society. Neither is it concerned with the racial or social status, nor the political, economic or religious beliefs of its membership. On the contrary, one of its chief objectives is to find, with the assistance of engineering genius, a real solution to the ever-present world-shaking problem of war."

"Freedom of citizens to express their will promptly in any national emergency should be a prime requisite for the protection and orderly development of the social and economic institutions of the United States. It is in this belief that we have organized the League."

### Attempts Jail Break; Village Collects \$25

George Jacobson, of Chicago, paid Judge Neuman \$25 and costs because he attempted to secure, by force Monday afternoon, the release of Morris Taylor, who had been landed in the Arlington Heights jail charged with operating a motor car while intoxicated.

Jacobson grabbed Officer John Firnbach by the throat and demanded the release of his pal. John delivered a heavy right and left and

### Fishermen's Night At Presbyterian Men's Club April 8

"Fishermen's Night" will be honored at the Presbyterian Men's club dinner Friday, April 8, at the Parish hall at 6:30. A good speaker has been promised that will tell real fish stories and have movie reels of bass and trout fishing to make them true. Other entertainment will be provided.

## Classified Advs. Break 40-Yr. Record

Is Market Place  
For Farmers Of  
Northern Cook Co.

It is not often that the publishers of this paper throw any bouquets their way, but the size of the classified section in last week's issue calls for something more than mere bouquets.

It is a compliment to the pulling power of the Paddock publications that over a hundred individuals used the classified in one week. All ads. were bonifide classified for which the advertisers paid the full price and does not include the so-called standing tf ads.

The present ownership of the Paddock chain dates back 40 years (next December).

A perusal of the newspaper files for those years tell an unbroken story of the progress of the various communities that are served by the Paddock chain.

As the communities increased in population and business the newspapers showed improvement and the present owners, sons of H. C. Paddock, look forward to still greater improvements in the newspapers as those publications and the communities grow up together.

It is not infrequent that some subscriber reports that he has read the paper forty years or more. It is the loyalty of many of these families that has made the Paddock publications what they are today.

### Puffer Recognized Educational Leader

Noble J. Puffer, who is seeking re-election as County Superintendent of Schools, has served for the past thirteen years in the Office of County Superintendent, the last three years as County Superintendent.

Mr. Puffer received the degree, Master of Arts, from Northwestern University in 1932, majoring in the field of supervision and administration. He has served as chairman of the membership committee of the Lake Shore Division of the Illinois Education Association for the past two years, is a member of the National Education Association, Department of Superintendence. He was recently elected president of the Illinois Association of County Superintendents; is past president of the Palatine Lions club and is on the Executive Council of the Northwest Boy Scout Council. He is a member of the Cook County Farm Bureau and is a director of the Illinois Farmers' Institute, having served two years in that position.

Mr. Puffer is the author of numerous articles on school administration and school problems. He has assisted in getting educational legislation which brings to the schools additional state financial support.

While serving the past two years as county superintendent of schools he has established two new innovations which have proven very progressive and of great value to the schools.

The first project is that of an audio-visual education service to the schools of the county, which provides a central distributing service for motion picture films and stereoscopic slides.

The second project which has already proved its merits is the monthly traveling library service to the one-room schools of Cook county. A traveling library, housed in a trailer shell, calls once a month at the one-room schools in the county.

Mr. Puffer has constantly insisted on higher minimum standards for incoming teachers in the schools of Cook county. Effective April 1, 1938, he has raised the minimum amount of training for teachers entering the elementary schools of Cook county from a two year normal school diploma course to a three year normal school diploma course.

His candidacy for election to the office of County Superintendent of Schools has been endorsed by the Democratic party.

### Hold Services For Augusta Luehring, 64

Funeral services were held Monday for Mrs. Augusta Luehring of Arlington Heights. Mrs. Luehring was born on a farm near Arlington Heights in 1874 and has lived in and around that village for the past 64 years. She has been living with her daughter, Mrs. Ellen Eichler in Arlington Heights where she passed away last Friday.

## Northbrook Admitted To Conference

Conger Elected Vice  
President; Reusser  
Is Treasurer

At a meeting of the Northwest Conference held at Lake Forest last week the officers for the next year were announced by the nominating committee headed by Mr. Underbrink of Libertyville. Drom of Wauconda will be president, Conger of Arlington, vice president, Moore of Grant, secretary, and Reusser of Palatine, treasurer.

Northbrook's plea for admission to the conference was approved by a unanimous vote. Northbrook just recently voted in favor of a four year high school and will have an enrollment next year of between 150 and 200. The same basketball schedule as last year was passed and Northbrook will schedule teams on their open dates as every school has had one week idle due to the odd number formerly on the schedule. Northbrook's entry increases the size of the league to 14 schools.

The annual track meet in which conference schools participate, but which is not officially sanctioned by the conference will be held at Leyden again this year on Tuesday, May 24. This is really an independent meet as the conference voted out all trophies and medals and they will be given at the Leyden meet as usual. A committee of Clark of Barrington, Grose of Arlington, Lindemeyer of Lake Forest and Watson of Leyden, will plan and manage the meet. Last year when the meet was run entirely by a committee of coaches and without sanction of the conference a profit of \$26 was realized after spending about that amount for medals. This was the first time that it had been conducted with any sizeable profit remaining.

A baseball committee consisting of Kelton of Warren, Etherton of Northbrook, and Isaacson of Niles Center, was appointed to draw up a schedule. The schools playing baseball will be Arlington, Elk Grove, Leyden, Antioch, Warren, Northbrook, and Niles Center. The schools engaging in track for a spring sport will be Arlington, Barrington, Bensenville, Libertyville, Leyden, Grant, Lake Forest, and Palatine.

### New Magazine Offers Christian View On Events and Arts

A new magazine, called the Cresset, similar in makeup to the Reader's Digest, has recently appeared and is offered for sale monthly at Sieburg's Drug Store. Offering something decidedly new and different in the mass of periodicals which flood the market, the Cresset is written from a Christian point of view and attempts to interpret the modern world of thought and action in harmony with Christian principles.

In the confusion and clash of conflicting opinions on government, international affairs, world events, arts, sciences and literature it offers guidance to the disturbed Christian mind. This magazine will be welcomed in all homes which seek to preserve the Christian philosophy of life in a time of revolutionary change. Single copies are 25 cents and the annual subscription is \$2.00.

Mrs. Anna Martens, 86 years old, one of the oldest Elk Grove and Wheeling township residents, died at the Arlington Rest Home where she was taken two days before her death last Thursday. She was living with her son, Henry Martens, 402 N. Vail street, Arlington Heights. Funeral services were held Saturday afternoon.

Mrs. Martens was born in Elk Grove in 1852. Her father, Fred Tesch, was county commissioner, then known as supervisor. She was employed as a nurse at Dunning Institute at one time.

She married John Martens in 1880 and lived at Algonquin and State roads at "Martens Corners," as it was called at that time. Her husband died in 1904. One son, Henry, is employed at the Arlington Public school. Another son, Edward is employed at the Continental Bank in Chicago. Mrs. Martens was the second oldest Elk Grove inhabitant who attended the Elk Grove centennial a few years ago.

The Arlington Heights park board has been asked to call a special election for the purpose of obtaining an expression of the voters relative to an enlarged recreation plan for Arlington Heights. With the field house nearing completion there are many people who feel that it should be in use twelve months of the year, not just for the summer.

Such a plan would entail the equipment of the building so that it could be used by all civic bodies and organizations, similar to the method followed in the field houses of the Chicago park districts.

There are others, especially the young people who are asking that provisions be made for an ice skating rink with permanent shelter house. The latter, if showers were installed, could be used during the summer by tennis players and the baseball teams. If a shelter house is erected, it should be constructed in the same architecture as the field house.

The park board has investigated skating pond construction and an area 100x200 feet, is available between the grand stand of the ball diamond and the swimming pool.

The park board several weeks ago made application for a project that would make possible the erection of dugouts for the league ball diamond.

When the original park plans were made, provision was provided for a wading pool for the youngsters and it will be constructed if the enlarged park plan is adopted.

The increase in cost of materials and labor falls entirely upon the park board as the money provided by Uncle Sam remains the same as contained in the original set up. This added cost means today that unless the voters give their approval, the field house can not be equipped for all year use, and the park board must confine its activities solely to bare living necessities.

None of the verbal pictures of recreation park that were painted in the columns of the Herald from time to time begin to come up to the present day reality. The park and recreation possibilities for its future use are unsurpassed in any other of the northwest municipalities. And the cost has been very low per capita.

The Park Board estimate that all of the projected improvements can be installed and the field house fully completed at an expense of not over \$20,000. Part of this money must necessarily be expended anyway, but with its due authorization, Arlington Recreation park can open with a clean slate.

## The Village Parson Says:

To adequately and effectively serve God, you must serve your fellowman. The writer of the First Epistle of Peter states that thought in these words: "Whatever the endowment God has given you, use it in service to another."

This Christian idea, if put into full practice, would revolutionize our entire social and economic structure. It places the emphasis upon others and minimizes the importance of self. It affords a wonderful field for pioneering. But . . .

To pioneer requires courage, always there are dangers. Formerly, the dangers included, exposure to the elements, unfriendly foes, wild animals and many other factors too numerous to mention.

Today, the dangers are just as numerous and as varied. To pioneer, you must run counter to commonly accepted opinions, unfriendly jibes, uncomplimentary labels and powers and forces that can put a person away just as surely and as viciously as an Indian attack of former generations.

If you would pioneer, you must realize the dangers involved in pioneering. You must reckon the

## Bowling Notes

by HERB HAMMERL

Well folks, the old race for the leadership of the Monday night league tightened up quite a bit. Blatz pulled up on even terms with the Hammis by taking 3 games from the Cafe, while El Rand was taking the Hammis for 2 games. None of the games were very impressive for the simple reason that Komo gave us brand new pins to shoot at. Everybody had their trouble with them.

The schedule calls for Blatz and the Hammis to shoot it out on 5 and 6 next week and that should just about decide who is going to be on top at the end of the season. Let's see a big crowd of rooters out that night and whoop it up a bit.

On 3 and 4 Dixie got the only 600 series of the night. He got 615 and a 237 game, good for the dollar. He might have gotten more, but I guess the boys from El Rand turned on too much pressure for him. By the way, Irv., what happened those first 2 games? Did Uncle Dixie give you too much to shoot at.

On 5 and 6 Krause Market and the Elevators just went through the motions. Krause won 3 games with a 2467 series. Most of the leaders in the individual column slipped a notch or two. Alex Askefoll got 100 and a baker's dozen the first game. Don't worry Alex, you had a lot of company.

# News Reel of the Elementary School

**BASEBALL**  
The seventh and eighth grade boys are organizing a baseball schedule. Mr. Vanderbeek and four of the boys will choose teams, and games will be played on Wednesday afternoons during the regular gym period.

**TENNIS TOURNAMENTS**  
The seventh and eighth grade girls have started a tennis tournament. Fourteen girls have entered. The entrants' names were placed in a hat and the opponents were chosen in that way. Two charts were then drawn up and placed in the seventh and eighth grade rooms. The girls are being urged to play their matches so the boys may start their tournament. The champion boy will then play the champion girl for the school championship. The opponents each play one set, and the winner then plays the winner of another set until all are eliminated and a champion is found. Two of the matches were played Monday. Results are as follows:

Ruth Heuer.....6  
Betty Gross.....1  
Beulah Burkitt.....6

**FIRST GRADE—NORTH**  
The children in the first grade are enjoying the greenhouse. This is the group story written this week:

**Our Greenhouse**  
We were surprised to see our plants on Monday.  
Our plants are tall.  
We filled the window-boxes with dirt.  
Then we planted vines.  
We got the vines from another greenhouse.  
We have had many visitors this week.  
They liked our greenhouse.

**SECOND GRADE—NORTH**  
The second grade have been studying about birds.  
Here is a riddle and a story about birds:

I am a bird. I have some white on my tail. I have a brown coat. I have a yellow ring around my eye. I have a red breast with a white spot. What am I?  
Answer: Robin.

**Woodpeckers**  
Woodpeckers are good birds. I like woodpeckers.  
In my yard there is a tree. That tree has a hole. Last summer there were four little baby woodpeckers in it.

Verlene Rogers

**THIRD GRADE—NORTH**  
Since Monday was the first day of spring we have been writing stories and poems about this nice season. Here are a few of the best ones:

**Spring Is Here**  
Spring is here, spring is here,  
And we're full of fun and cheer.

The birds are back and they all sing,  
And we are glad that this is Spring.

The bluebirds come with their cheery blue,  
And they are very happy, too.

The Robins are back and happy you see,  
For they are glad to see you and me.

The birds are back but they go in the fall,  
And then we aren't very happy at all.

Carla Bloecker

**Spring**  
When we came to school Monday most of us knew it was the first day of spring. Then we noticed that there were a lot of birds on the trees. That day it got warmer and warmer and finally it got so warm that we went without coats. Another thing we noticed was that plants in the ground were coming up. We all know that spring is here, and we are glad too.

**Dear Readers:**  
The Patrol Boys of the North and South Public Schools, the St. James, and the Lutheran Schools watch your children when they cross the streets, and are protecting them from automobiles.

They are doing the best they can, but they could do better with your help. That is, if you try to follow a few simple rules such as:

1. Don't cross the street between intersections.

2. Don't cross the street against a red light.

If your children see you do these things they might do them too, but they might not get across the street safely.

The boys would appreciate it very much if you would practice these rules.

Thank you, Orville Kurtz

**FIRST GRADE—SOUTH**  
The first grade visited a farm on Monday. These are two of the stories that were written by the children:

**The Farm**  
We went to Mr. Heimsoth's farm. We saw a baby calf. It was two days old. We saw some horses.

The mother pig calve one baby pig.  
She said, "Oink, oink."

We saw Mr. Heimsoth milk one cow.  
We saw a bull with a ring in his nose.

We found a tiny hen's egg. We had a good time.

**At the Farm**  
We saw a baby chicken.  
We saw an old-fashioned buggy. We sat in it.

We saw two dogs, Blackie and Brownie.  
We saw the house where the pigs stay in winter.

On the way home we saw the Elk in Elk Grove.  
The father had five points on his horns.

We heard the frogs singing in the pond.

**Our Chickens**  
We have sixteen chickens in our room.  
Miss Russell brought them from a hatchery.

They are one week old.  
We feed them mash and water. We like them.

**GRADE TWO—SOUTH**  
**A Birthday**  
A little girl in our grade is having a birthday. Her name is Ingrid. She is eight years old.

She got a new pair of roller skates, a set where you can plant flowers, and many other things.

## Benefit Club Invites Members To Join Civic Group

The Arlington Heights Benefit Club is a non-political, non-profit organization. It was organized five years ago, primarily to give its assistance to alleviate the grave distress of the unemployed of this community. Through its cooperation and dealings with the I. E. R. C. it has practically eliminated all grievances regarding relief.

In the future, most of its time and efforts will be devoted to giving its support and influence to such measures and movements which it deems beneficial or advantageous to the general welfare of this community. Any person having its principals and the welfare of this community at heart, may become a member and avail himself of the opportunity of free discussion of all civic affairs.

Our next regular meeting will be held Friday, April 1, 1938, at Sadeck hall at 8 p. m. sharp. You are cordially invited to attend and join our worthy cause.

Pres., Paul Stoeckel

a unit on the Central States. We are using a mimeographed outline and from this we expect to finish a notebook showing how the people of these states make a living.

Betty Davis, Warren Busse, Vickian Chervin and Edwina Fredrickson have not been absent or tardy this year.

**SIXTH GRADE—SOUTH**  
The sixth grade at the South School have been writing compositions. This was selected as one of the best:

**Man's Wings**  
As the great silver air giant came to a stand-still on the flying field, men and gas trucks rushed up to repair and refuel the TWA transport plane. As soon as it was checked and refilled with gasoline the flying monster took off. As it sailed along in the sky man's wings made a beautiful picture against the setting sun.

**Camp Fire Girls**  
The Camp Fire Girls of the Oco-wassin group met at the home of Geraldine Williams Wednesday, March 23. Plans and arrangements were made for the council fire which will be held at the home of Mrs. John Beatty, 400 East Euclid.

## "Wells Fargo" Film Tribute To Pioneers

The story of America's "Lifeline of Empire," the Wells Fargo Trail, first highway to connect the East and Far West, forms the dramatic background for "Wells Fargo," the screen romance with Joel McCrea, Frances Dee and Bob Burns which opens Sunday and Monday at the Arlington Theatre.

Painted on a heroic canvas, "Wells Fargo" traces the history of the opening of the West from the time of the discovery of gold at Sutter's Mill until the close of the War Between the States, with the express business of Henry Wells and William Fargo, which has developed into today's Railway Express Agency, forming the backbone.

For romance the picture follows the love story of a typical Western family, headed by McCrea and Miss Dee, who are married at the beginning of the picture. Their fortunes, closely linked with the expansion of the Wells Fargo business and the winning of the West, form the main theme of the picture.

In producing "Wells Fargo" it was the purpose of Paramount Pictures to pay tribute to the expressmen who played such an important part in the American history. These men were the first on the scene when gold was discovered in California, to carry news and supplies to remote mining camps and "diggings" and, on the return trip to carry out the gold for shipment to the East. The dangers they encountered, from Indians, bandits and Nature, supply the picture with inspirational appeal and thrills.

Wells Fargo & Company was formed in the East but appeared immediately in San Francisco when the cry of gold went up. Its pony express riders and messengers and later, its stagecoaches opened and maintained the trails into the Far West until the coming of the locomotive, years after the end of the War Between the States.

Bob Burns, who has played nothing but comedy in motion pictures, appears in his first "straight" role in "Wells Fargo," that of a philosophical Indian scout who befriends McCrea when he first comes into the West to open the trails for the Wells Fargo stages.

The brilliant cast also includes Lloyd Nolan, Henry O'Neill, Mary Nash, Ralph Morgan, John Mack Brown, Porter Hall, Jack Clark, Clarence Kolb, Robert Cummings and hundreds of others.

## Wilson School News

by CHARLES LEVECK

The children are taking advantage of the spring weather by playing ball and other games.

Last week officers of the Achievement club went to the Morrison hotel for the Officers Convention. The children that went are as follows: Marion Dieball, president; Billy Simon, vice president; Shirley Baker, secretary; Mildred Buchinger and Delores Heinrichs. Mrs. Rapp accompanied the children and every one had a good time. They left on the 8:04 train to Chicago and returned on the 4:55 train in the evening. In the morning there were some speakers. Some of the children played instruments and sang. In the afternoon the program was devoted to radio and moving pictures.

One day last week police from Sheriff Toman's office came to tell us about Safety. They showed the children how they could change their police car into an ambulance. They had an artificial respirator, stretchers and other different things. They came to give the children their safety badges. Everyone got one except one or two.

We have gotten some sugar beet posters. Mrs. Rapp is going to have us have a project about sugar beets.

QUESTIONS THAT ARE ASKED ABOUT BANKING

"How can I build up my credit at a Bank?"

**SIMPLY** stated, bank credit is the faith a bank has in a given individual, or business firm, to repay a loan at a specified time.

Character is the foundation of every good credit rating. Reputation for good business management, for paying bills promptly, and for "making your word good" is essential.

It is desirable to be a depositor in the bank where you wish to establish or build up your credit. An adequate balance should be maintained, and your account should not be overdrawn. Good credit references are helpful. Loans should be met promptly on due date.

These are some of the essentials we recommend to any person wishing to establish or build up his credit rating at our bank.

**It Happened Here**

The swallows have returned to San Capistrano on schedule time for the 150th consecutive season, the Japanese cherry trees are blooming in Washington, D. C., the whistling swans have come up the Susquehanna River and the folks at Esplanade are having a silver smelt run—One may have an exciting adventure sorting these pieces of colored glass from the Daily News—And in Arlington Heights we have our home-coming, our gala fetes, and our Spring Festivals. There is magic in the Forest Preserve, in the still waters, darkened by lead mould, where the piping of the frogs is as fresh and clear as when the Greek poet caught them choosing the sweetest singer from the underworld. It is reported by those who were permitted to attend the performance that the evening calling of scores of robins in the sprangly top of the old pear tree on a recent date was far and away the finest musical event of the season; this was due in part to the orchestra which provided a brilliant accompaniment of thunder and lightning, the winds doing some effective work simulating rushing waters and the wild scurrying of myriads of dead leaves—(Oh, very well, write your own score—we are having trouble enough with this orchestra.)

Another sign of spring—horses being transported by auto truck along the highway and thru the village—are they being taken for a ride or just going places? Anyhow, they don't look right, crated up like circus animals or museum pieces—they look humiliated, as those of a once dominant race might look being transported from the scenes of their activities by the usurper. . . . From a letter by a cadet of the Naval Air Force stationed at San Diego, to his people in Dakota and relayed to a close relative in Arlington Heights: "Monday night aboard the Saratoga was one of the most beautiful I've ever seen. We are sliding along the coast line; it was a cool night and before turning in I put on my coat and went up to the flight deck for a little walk. It was clear and cold, a full moon rising and the whole massive ship bathed in moon glow. The Lex was following a few hundred yards astern of us and the lights of the fleet twinkling all around us. I stayed out quite a while—remarkable atmosphere about the whole thing. . . . Incidentally, I still enjoy night flying. The other night we flew from eight till ten; about nine the moon began coming up and silhouetted the mountains east of us, gradually lighting up the whole scene so that we could see every ripple in the Bay below us—that kind of stuff gets us, no less. "There is a lad after our own heart—a youth from the Dakotas, enamored of the mountains and the ocean and writing of his dangerous job with a gay insouciance multiply him by thousands and you have a wedge of splendid young American manhood." "That kind of stuff gets us, no less."

**Atheistic Teach Should Be Barred In Public Schools, Dr. Maier Says**

There is an atheistic and anti-Christian tendency in modern public education, Dr. Walter A. Maier said Sunday in his coast-to-coast Lutheran Hour broadcast, which originated here for the first time.

No basic truths of Americanism are more frequently denied, Dr. Maier said, than those providing freedom of conscience and separation of church and state. Too many high school teachers feel themselves called upon to attack the Bible, ridicule Christianity and cast aspersions on the person and work of Christ, according to the Lutheran Theologian. Parents must be up in arms against this gross violation of American and Christian ideals and no teacher in any public school should be permitted to say or teach anything attacking the religious convictions of the pupil.

Referring to the repeated efforts to purge history textbooks of propaganda and misrepresentation, Dr. Maier contended that a more serious fault exists in textbooks that certain states force upon Christian children in their outspoken anti-biblical attitude.

Indicting the attitude that one cannot be a devout Christian without sacrificing intellectual honesty, Dr. Maier asserted that the theories seeking to discredit Christ's truths are contradictory and that a long series of fundamental errors, misrepresentation and discarded theories have marked the past century of laboratory investigation and classroom pronouncement.

**Claims Fathers Make The Best Mothers**

Fathers make the best mothers, and the only reason the human race has survived the mothering of women is that babies are practically indestructible, J. P. McEvoy says in the current issue of Woman's Day.

Mothers who spend twenty-four hours a day bringing up children and waiting on their husbands will likely find their blood pressure rising over some of Mr. McEvoy's statements on the subject of parenthood, but Rose Wilder Lane's reply in a companion article events things up with good measure.

"Now," writes Mr. McEvoy, "what do I mean when I say fathers make the best mothers? I mean just that. Of course I grant that a certain biological cooperation is necessary at the beginning, but after that we fathers could very well dispense with you mothers. There isn't anything that you can do that we can't do or get done better. That doesn't sound just right but you'll get used to it."

"At the beginning mothers know nothing about babies. They learn at the baby's expense. If the first baby survives they use what they have learned on the next one. By this process of trial and error mothers manage to raise families. If the family is large enough, it raises itself. And how have we survived this terrifying process? Only because babies are indestructible. Not only can you bounce a baby on your knee but you can practically bounce him on the floor. If babies weren't so hardy, none of us would be alive today. The fact that we are alive is a tribute to our staying qualities."

Purnell & Wilson, Arlington Heights Ford dealers have leased the former Williams property, known as Sparks place, upon the Northwest highway, adjoining the water tower and upon the completion of alterations, will open a display room for new Fords and a sales lot for used cars. The firm is vacating its lease of the Engelking garage building.

**TWO HEADS ARE BETTER THAN ONE**

**A Well Known Fact**

The minute we are born, we are also born to die. Time is the only element.

Cemetery planning requires topographical surveys, underground engineering, sectional design, and planting of grass, trees and shrubs. A cemetery should be accessible to modern motor traffic. It should be located on a prominent, well-paved highway, so that it can be reached from all the different sections of the metropolitan area.

Randhill Park Cemetery is so located. A visit to Randhill Park will convince you of the merit it possesses. There you will find a beautiful, memorial-type cemetery, where all tombstones are lawn-high; where no towering monuments of various sizes, shapes and colors, spoil the serene beauty. The type of monument restricted in Randhill Park Cemetery, as against the cost of the old-type monument, will more than save you the cost of the lot. Visit Randhill Park and be convinced.

Let's put our heads together and solve now our future problem. There are a number of cemeteries, and rivalry exists, each one being eager to sell. Discrimination when purchasing is a pre-requisite. You should draw the line of demarcation.

The unplanned, old-type cemetery that has grown by reason of many burials depicts a gruesome sight of tombstones, which may commonly be called a "stone-yard", and which at the present day is a depressing sight.

If you desire an appointment with our President, Mr. M. F. Wittelle, phone Arlington Heights 7021-J, and he will be glad to meet with you.

MAC  
SAYS

—By—

Gerald A.  
Mc Elroy

Saturday the schools of the Northwest Conference give a few of their best prospects a tryout down at the Oak Park Indoor Relays. It's much too big a meet for the schools of this conference with their two weeks or so of practice, but just attending it is good, especially a boy brings home a medal. Grant Has Good Pair

Grant has a top notch sprinter and hurdler in Bureleigh and a good shot putter in Dufault. Arlington has Milligan and Libertyville has Priebe, in the high jump and they are both good. Palatine's best entry will be O'Brien in the hurdles. Beg Your Pardon

Coach Rasinski of Grant informs us that he does not deserve the credit we gave him for Grant's wonderful showing in winning third at the Morton invitational boxing tournament. The credit goes to Orr who coaches the boxers at the Fox Lake school.

## Dual Meets Start

The season of dual meets for a number of the schools gets underway next week. On Thursday, April 7, Palatine travels to Leyden. On Friday, April 8, Barrington entertains Grant and on Saturday, April 9, Arlington travels to Bensenville. Plans for Palatine Relays

Entry blanks, time schedule, records, rules, etc., for the sixth annual Palatine Relays are being sent out this week-end to some 18 schools which have given evidence of interest in the meet.

## 18 Entries Possible

It appears very likely that there will be nine schools in each division this year and the management is planning to give a small trophy to the winner in each class. Last year there were 13 schools in the meet. New ones which expect to send teams are Argo, Harvard, Marengo, Lake Forest and Naperville. Two Winners This Year

Libertyville and Arlington have each won the annual Palatine Relays twice. The other time it was won by Naperville. This year for

the first time there will be a class B and a class A winner. The division line between the classes will be at 300 enrollment. All events will be open except the relays which will be run by classes with points given in both divisions. Medals will be given for five places in the special events and to the members of the winning teams in each relay.

## Morning Preliminaries

The preliminaries at the Palatine relays will be run off in the morning this year instead of running them off as a part of the regular meet. Preliminaries in all the field events and the dashes will start at 10:00 a. m. The finals will start at 2:00 p. m. The past two years the meet dragged out through the entire afternoon and it was difficult to keep the crowd off the field. This year the crowd will be restricted to a fenced in enclosure and the meet will be run off in two hours. All other meets of this size and many smaller ones including the Northwest Conference meet have morning preliminaries and it has been deemed advisable to make this change both from the standpoint of the boys competing and of those who come to see the event.

## Why Discriminate?

We have often wondered why people always get suspicious and criticize when anything is done to honor those who have accomplished unusual things in school sports when the same, if associated with other school activities, is treated as a matter of course. For instance, people see nothing wrong in a university granting a scholarship to an outstanding musician, debater, actor or journalist in a high school who is also a good scholar. But let the same institution offer a scholarship to the outstanding athlete who is also an "A" student and immediately all sides the good people of the community charge that athletes are being hired to play ball. Personally we cannot see what difference it makes whether the boy is a top notch student and plays in the orchestra or on the basketball team as far as his rights go in getting a chance to go to college. However, the public likes to believe that the athlete is getting something for nothing.

## Our Answer To A Letter

In a recent letter to the editor of the Palatine Enterprise which was published last week, someone spoke of the trip of the Palatine basketball team to Champaign as being all right, but protested because boys and girls in other activities had no opportunity to take trips of this sort to see universities and could not see why the athletes should be favored in this way. In reply we would merely inform the letter writer that each year the upper quarter in scholarship in the senior class (and these are mostly girls) are the guests of Northwestern University for a full day in the late spring. In the fall the best students in journalism are taken on a trip to Champaign to the state press convention. In the early summer the best of the agriculture students have a trip to Champaign financed by the school. This was the first time that basketball players were taken to see the state tourney and it may be some time before it is done again. Why criticize when others go every year? We thank the author of the letter (who ever he may be) for raising a question of this sort so that we can point out that athletes at Palatine are not favored to the exclusion of other desirable activities.

Arlington  
Track Squad  
Limbers UpFifty-two Boys  
Eager To Maintain  
Cardinal Track Pace

This year's track squad at Arlington will have its work cut out for it to keep pace with the record of the Cardinal cinder and field artists of the past have made.

It is quite problematical just what this season's contingent will do. Needless to say they will miss several of last year's star performers.

Boys like Allen, Mills, Richards and Hulse can be graduated from a squad without the team feeling their absence. These were all certain point getters in any of their meets. On top of these were Reizer, Proctor, Smith and Harrah who accumulated their share. To make matters worse, Heimann, who looked like a coming star, moved away and this spring the two likeliest looking sprinters of last year, M. Rohwing and Hull are ineligible.

Nevertheless the Arlington squad will carry on. There is quite a good nucleus of veterans to begin with, and there are quite a number of newcomers who look like future stars. Johnny Rohwing, this year's track captain, will take some convincing that there is someone around here who can outrun him over a distance.

Marty Goeger needs no introduction as a middle distance man and there is a good likelihood that Elmer Schmitz and Wilbur Rodgers will round out a distance quartet that will garner plenty of points ere the season is over.

Dick Lacinia will, beyond a doubt, go well beyond his last year's pole vault record and will be one of the mainstays in the 440. Joe Mueller and Norm Horner are other seniors who will be at or near the top in their specialties—high jump and javelin, besides being able to collect in another event or two.

Among the undergraduate veterans are Vance Folkman and Milligan, both of whom were stellar performers last year. Barney Hoss is a newcomer of whom great things are expected. There are several others such as Bartlett, Goisen, Hausing, Harth, Phillips, Heller, Norm, Busse, Koelling, Haake, and Heidemann, who are about ready to click and if they buckle down to work, will be a big help.

There are some very excellent prospects who have had little previous experience, in fact, quite a number of them. More will be told of them in a later issue.

To date, 52 boys have reported and there will be several more added to the list. Among them are 8 seniors; 13 juniors; 13 sophs; and 18 frosh. Normally this many boys would not have reported until at least April 1, but most of them have been working two weeks or more, as the pretty weather enabled the squad to get an early start.

As is shown above, quite an impressive schedule has been arranged for these thinny clads. For the most part the labors will be divided for them in such a way that each boy will get into competition once a week. Very few will compete oftener than that. So with an early start, the squad has high hopes for a successful season.

Track being one of the traditionally strong sports at Arlington and because of the great amount of interest in it, the Cardinals are eager for their first meet.

day evening. Parents were extended a special invitation and given a special rate. They heard a lot of nice things said about the athletic work of their boys, all of which were true, and heard a fine talk by Burt Ingwersen of Northwestern University.

Oak Park Relays  
Draw 16 Tracksters  
From Arlington

There will be a large Arlington entry at the Oak Park Relays this coming Saturday afternoon and night. In all, 16 boys are slated to compete. There will be three relay teams. One of these is such that each boy runs 200 yards. Another, each boy runs 400 yards. In the other each boy will run a full half mile. There are several entries in the individual events. They are as follows:

50 yard dash—Heinze and Briggs.  
60 yd. low hurdles—Mueller.  
Mile—Rohwing.  
Shot—Hoss and Milligan.  
Pole Vault—Lacinia.  
High Jump—Mueller and Milligan.

The relay teams will probably be made up as follows: 4 lap relay, Briggs, Heinze, Miller, D. Folkman and V. Folkman; 8 lap relay, V. Folkman, Lacinia, Heidemann, Goerger, Stefanik; 2 mile relay, Schmitz, Rohwing, Goerger, Rodgers or Miner.

This Oak Park meet is the finest display of high school track talent assembled anywhere in Illinois in an indoor meet. All the larger schools culminate their indoor season at this meet. Some of the best records of the year are established and out of it come many state champs each year.

Last year Arlington won its first place when Bob Richards captured the hurdles, but each year the other boys have made a fine showing with so little practice. Each year the boys look forward to this meet and do their best with the poor facilities at Arlington to get into shape to start their own season.

Softball Managers of  
Arlington To Make  
Plans For 1938 Season

Plans for the 1938 softball season for Arlington Heights will be made at a meeting to be held Sunday afternoon.

Managers of the teams which played last year will meet at the home of R. E. Hayes, 403 N. Hadwood avenue at 3:00 o'clock.

Any managers or sponsors who wish to enter new teams in the league may also attend. Regulations and details for the coming season will be worked out and a schedule arranged.

Arlington Lads To Be  
Guests At Mich.-State  
Football Banquet

Steve Szasz and Mickey Masny of Arlington Heights will be among the Michigan State football men who will be honored at the college alumni dinner-dance Saturday evening at the Sky High Penthouse of the Stevens Hotel. Coach Charlie Bachman will speak and his address will be broadcast over WGN at 9 o'clock.

Masny and Szasz are coming home for the occasion and will return for spring football practice. Michigan State expects to have a banner football year this fall. Their schedule includes University of Michigan, Wayne, Illinois Wesleyan, West Virginia, Missouri, Marquette, Santa Clara, Syracuse, and Temple.

South Bend Team  
Bowls 3093 To Defeat  
Parkview Tavern

A 3093 score defeated the Arlington Parkview Tavern bowling team in a match game with Drewry's Ale of South Bend at that city, Saturday. Arlington, who lost by 12 pins in their former match at Arlington Heights two weeks ago, chalked up a 2865 score to lose by 228 pins.

The three Ticheta brothers of South Bend earned series of 579, 671 and 684. Ed. Duenn of Arlington led his team by accumulating a 616 total.

The Parkview Tavern team made the trip to South Bend as a gift by Pete Unger. Although the locals were not able to win their match, the tavern proprietor has offered to reward them for doing as well as they did. Some day soon he is giving them a chicken dinner. The South Bend team is bowling in the ABC tournament April 7 and 8.

ELECTRIC RATES  
REDUCED AGAIN

Public Service Customers Will Save  
\$720,000 a Year

New Rates Go Into Effect on Meter Readings  
Taken On and After May 1, 1938

Residential electric rates of the Public Service Company of Northern Illinois will be reduced again, beginning with meter readings taken on and after May 1. The reduction will amount to more than \$720,000 annually among 95 per cent of the Company's customers.

The New Rates are as Follows:

	1 to 4 Rooms	5 Rooms	6 Rooms	7 Rooms	8 or more Rooms	Price per Kilowatt-Hour (net)
1st Block of Kilowatt-Hours used per Month	40	50	60	70	80	@ 6.2 cents
2nd Block of Kilowatt-Hours used per Month	60	50	40	30	20	@ 3.0 cents
All Over	100	100	100	100	100	@ 2.0 cents

Minimum charge—fifty cents, except in cases of unusual connected load.

The old rates (net), retained as optional for existing customers at present locations, consists of four blocks as follows:

6.8c per kilowatt-hour for first 7 kilowatt-hours used per room.	5c per kilowatt-hour for next 5 kilowatt-hours used per room.	3c per kilowatt-hour for next 5 kilowatt-hours used per room.	2c per kilowatt-hour for all electricity used in excess of 17 kilowatt-hours per room.
--	---	---	--

## How Users Benefit

Householders will find that under the new rates the cost of operating electric appliances as well as lighting will be even less than before. A glance at the above new rates shows how much cheaper kilowatt-hours become with increased use of electricity. As before, such ordinary household appliances as refrigerators, lamps, radios, etc., are usually sufficient to consume the initial blocks of the rate, the balance of the service and all additional being at the 2c rate.

Further information about the new rates and new appliances can be obtained at any Public Service store.

## Newspaper Publisher Seeks Position On County Board

Fred A. Fulle, candidate for the nomination of County Commissioner on the Republican ticket, is aligned with what is popularly known as the George F. Nixon ticket, which comprises five prominent attorneys and business men who are tired of the extravagance in county government that has been so rampant the past several years.

Mr. Fulle says the group is pledged to reduce taxes so that small taxpayers may have a chance. The county is now almost half a billion dollars in the red and if something is not done speedily there are going to be payless pay days and tax strikes that will greatly aggravate the serious condition already facing the county.

Mr. Fulle is a native born resident of Cook county. He comes from a pioneer family that has been recognized in public affairs for more than one hundred years. He was born in Maine township and has always lived within the township. He has a family of three and claims Des Plaines as his home, where he has been in business as a publisher for the last 15 years.

Learning the printing business in the shop that he now owns, is an achievement not often encountered but such is the history of Mr. Fulle, who was an apprentice in the Suburban Times which he now owns along with the Park Ridge Herald.

Besides his interest in a business way in his community, he has also been very active in public affairs. He served two terms on the Des Plaines city council, and has held the highest office in the Lions club and the Elks lodge; has always been a hard worker in every civic endeavor with which he was connected.

One of the unique achievements of Mr. Fulle was the bank assignment plan, put into effect as an aid to the liquidation of closed banks during the depression years. This plan proved so successful that it received national recognition, and was instrumental in releasing funds that had been tied up in foreclosed banking institutions.

Mr. Fulle has always been a staunch Republican and comes from a Republican family and other than locally, never before has he asked any political preference at the hands of the voters. Being an outstanding young Republican from the country territory, one who has the interest not only of the farming element but the small property owners and

business establishments at heart, he is especially well qualified to represent his constituents in this important tax spending office. He is so well acquainted with the difficulties of the small business man and taxpayer in trying to keep ahead of the constantly increasing tax load that everyone may rest assured he will do his utmost to cut every unnecessary expense in the interest of economy and saving for the harassed taxpayers.

The complete roster of the ticket, which is under no political alliance of any nature, nor under the control of any boss or clique, is as follows: George F. Nixon, realtor of Glenview; Alan E. Ashcraft, of Evanston; of Ashcraft & Ashcraft, prominent Chicago attorneys; Fred A. Fulle, publisher of Des Plaines; Kurt Berliner of Forest Park, monument owner, in firm established by his father, L. Thomas Berliner of Berwyn, attorney, with a lot of experience with tax problems in the south part of Cook county.

### Downers Grove Man Is Without a Country; Canada, U. S. Say 'Nix'

John Strand, 46, Monday faced the classic problem of the man without a country.

The American-born son of a Canadian citizen, Strand has been declared an alien by the country of his birth and refused admission by Canada.

Unless his status is established within 30 days he will have no country. Strand was born in Downers Grove, Ill., and taken to Canada while under age by his father, Neil L. Strand, in 1911. The father became a naturalized Canadian citizen. Under the Canadian-American treaty, his action conferred Canadian citizenship on all his minor children living in Canada.

But John Strand considered himself a citizen of the United States. He exercised none of his rights as a Canadian. He entered the United States Dec. 27, 1937, posting a \$500 departure bond at Port Huron. The time limit was extended twice. To collect the departure bond he was required by law to re-enter Canada then return to the United States under escort. But Canadian immigration authorities refused to admit him after examining his record. And United States authorities refused to keep him.

The dilemma was met temporarily through a third 30-day extension of his American permit.

## 'Put Our School House In Order', Urges Legislator

by BERNICE T. VAN DER VRIES  
Member Education Committee,  
House of Representatives.

Having discussed in my two previous articles the difficulties in the way of efficient education, first in the United States and then more specifically in the State of Illinois, let us see what the General Assembly, which is charged by the Constitution with the duty of "providing" a thorough and efficient system of free schools whereby all the children may receive a good common school education has done to correct "the glaring inequalities" of educational opportunity in Illinois.

Through the years, since 1907, five school commissions authorized by the General Assembly and appointed by Governors Deeney, Small, Emerson and Horner have worked on the problem.

Every Commission has recognized the need for action in the State and every commission has recommended a State Board of Education as the agency best fitted to bring about a modernization of our entire school system, and a coordination of our educational activities from the primary grades through the University and the Normal School. But instead of working upon this recommendation, the Legislature under pressure from local officials, teachers and parents, has concentrated its efforts on the passage of laws to make more local tax monies available to the schools and in efforts to increase the amount of state aid.

**Horner Urges State Board**  
In his message to the General Assembly when it convened on January 6th, 1937 for the 60th Session, Governor Horner made it very plain that he would not favor any increase in State Aid until a State Board of Education authorized by the Legislature gave attention to the school problems of the State.

Accordingly Senator Stuttle introduced a State Board Bill as the first bill in the Senate and it there by became known as Senate Bill No. 1.

Unfortunately, the bill gave the State Board so much power that school authorities all over the State became frightened and frantically wired their Senators and Representatives to kill the Bill and killed it in the House. Opposition came too, from agricultural districts which feared consolidation.

When it was realized that the lack of an agreed program on the part of the education interests had been largely responsible for this situation, efforts for an agreement were quickly renewed with the result that on January 26, 1938, by resolution, the Joint Committee on Educational Legislation, a committee composed of representatives of organized school boards, teachers and civic groups from over the entire state, recommended that a State Board of Education should at least—

1. Be an appointive lay board.  
2. Have the power to gather statistics and study all phases of public education in the state.

3. Be required to make annual reports and recommendations to the governor and general assembly.  
4. Make its own rules and regulations.

5. Exercise some check on the formation of new districts.  
6. Be authorized to recommend policies and procedures to officials of local districts.

7. Be empowered to employ such professional and clerical assistance as may be necessary in the proper discharge of its duties.  
8. Have as its executive secretary the state superintendent of public instruction.

**May Call Special Session**  
Following the passage of the Resolution, Governor Horner agreed to place the State School Board proposition in a call to a special session "if and when" he calls one, otherwise it is certain to be an important question for consideration in the next regular session of 1939.

For my part, I very definitely believe that a State School Board is necessary if we are to make any progress at all on school affairs in this State. Only a few members of the Legislature are trained educators. It would, therefore, seem that a smaller agency definitely selected for the purpose of advising the legislature would be more successful in formulating a program, which would include in addition to the problems of consolidation of districts and finance which I have briefly touched upon in my articles, transportation of pupils, pensions and salaries for teachers, possible federal aid and standards for business administration, in fact the field of work is unlimited, if the Board is not limited in its efforts by too many restrictions written into the law when it is passed.

I urge the citizens of Illinois to give this matter serious consideration when the Legislature next convenes. Let us not permit another financial emergency to come upon us without having our house in order.

**Courage and the Daily Task**  
Courage to do the daily task might be readier with many if they could be convinced that doing the task mattered.

### Committeeman Invites All To Card Party

Archie LaSalle, precinct committeeman of precinct 2, Wheeling township, invites everyone to a free card and bunco party at Firnbach's hall, Buffalo Grove, next Monday, at 8 p. m. There will be prizes, door prizes, and refreshments. LaSalle represents the Horner-Courtney-Jarecki-Byrd group.

### Ed Hrdlicka Is Guest Of Des Plaines Firemen

Ed Hrdlicka of Arlington Heights was honored at a birthday party celebration given him by the Des Plaines firemen last Tuesday. The proprietor of Hrdlicka's restaurant was a former resident of Des Plaines. He alternates with the firemen in marking his anniversary, and next year it will be Ed's turn to "throw the party." The event was held for the first time in the new quarters of the neighboring firemen.

### Accordionists Choose Officers

The district meeting of the accordion clubs took place Tuesday at Crystal Lake.

Election of officers took place as follows: President, Norman Grewe of Des Plaines; vice president, Dale Meneshing, Des Plaines; secretary, Elsie Stier, Arlington Heights; and treasurer, Pearl Kleinsmith of Barrington.

These meetings take place every second and fourth Tuesday of the month.

A recital is being planned to take place some time in May.

Those present from Arlington Heights were Elsie and Richard Stier and Marjorie Adam.

### Saturday Night Show At Des Plaines Theatre Offers Thrills

The triple attraction booked for a one day showing at the Des Plaines Theatre on Saturday, is headed by a five act vaudeville show that is replete with thrills.

Heading the stage portion of the program is a roller skating duo, "The Whirling Aces," that is sure to leave the audience breathless. Other acts are Pullman and Derringer, tap dancers, Lee Sarche, swing singer, Guy Lauren and Ginger, instrumentalists and Vincent Verra in characterizations.

The screen portion of the program consists of "Wise Girl" starring Miriam Hopkins and Ray Milland, double featured with "The Jury's Secret" starring Fay Wray and Kent Taylor.

### Clean-up Drive Spurs Barrington Civic Groups

A village clean-up drive in which boy scout troops, religious and civic groups, the street committee, the fire department and other organizations will participate, is planned by the Barrington community, according to the Barrington Review last week.

Street cleaning crews are already under way, the garden club is undertaking a tree planting campaign, and the fire department has offered to burn off weeds in vacant lots. The week of cleaning up the city has been tentatively set from May 2 to May 7.

### Returns From Germany

F. Siese of Arlington Heights returned last week from a three and one-half month's tour through Germany. He left Arlington Heights December 10 and visited the country where he left 26 years ago. He saw many of his former school friends and reports that he had a wonderful time, enjoying the scenery the best of all.

Mr. Siese visited Schlotheim Thuringen, Gotha, Hameln on Weser, Hann Munden, Hess Oldendorf, Parchenburg, Schaumburg, Barenken, Springe, Hannover, Halle on Elbe, Nordhausen, Muhlhausen, and Cassel.

### CHRISTIAN SCIENCE CHURCHES

"Reality" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, March 27.

The Golden Text was, "They that trust in the Lord shall be as mount Zion, which cannot be removed, but abideth for ever" (Psalms 125:1).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "Keep thy heart with all diligence; for out of it are the issues of life. Ponder the path of thy feet, and let all thy ways be established. Turn not to the right hand nor to the left; remove thy foot from evil" (Proverbs 4:23, 26, 27).

The Lesson-Sermon also included the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Erroneous belief is destroyed by truth. Change the evidence and that disappears which before seemed real to this false belief and the human consciousness rises higher. Thus the reality of being is attained and man found to be immortal" (p. 297).

### Crossing Gates Installed

Final installation of new gates for the River road and the Northwestern track crossing in Des Plaines is expected this week. The gates will be electrically operated under a manual control from the tower.

Arlington Heights has retained its crossing gates while other villages have got rid of them only to find that they were really necessary for adequate protection. The fight to keep its crossing gates in Arlington Heights has been a boon to the community, and the village has now apparently forgotten any substitution.
